GENERAL INFORMATION

SALE LOCATION: Sale will be held at Kist Livestock Auction, located one mile west of the Memorial Bridge on the east edge of Mandan. For the easiest route, take I-94 to exit 33 or 34 to Memorial Highway.

ACCOMMODATIONS:

Baymont Inn & Suites, Mandan	701-663-7401
The Ridge Motel, Mandan	(701)-663-8686

TERMS AND CONDITIONS: Cattle will sell under the Standard Terms and Conditions as recommended by the American Angus Association.

HEALTH: Interstate health papers will be available on sale day.

TRUCKING: Free delivery on bulls up to 500 miles radius with total purchases of \$2500 or more. A \$50 discount is offered on bulls picked up on sale day.

INSURANCE: Will be available to be purchased on sale day and we urge all buyers to insure their bulls.

VETERINARY COSTS: Any veterinary costs incurred after the bulls have been purchased are the responsibility of the buyer.

WINTERING: Due to a shortage of feed and hay this year, delivery of the bulls will begin on April 1.

SEMEN TESTED: The Fast bulls will be fertility tested by Dr. Gerald Kitto, DVM, prior to the sale.

SUPPLEMENTAL INFORMATION: A supplemental data sheet will be available with scrotal measurements, final weights, and ultrasound data. Announcements from the auction block take precedence over catalog information.

LUNCH: Please join us for a complimentary lunch on sale day!

Sight Unseen: Can't make the sale, but would like to bid on the sale cattle? We recommend that you contact any of our sale representatives prior to the sale or bid online at www.frontierlivesale.com.

SALE PREVIEW: Stop by on Thursday, March 8 and preview our sale offering at Kist Livestock Auction!

LOTS

Welcome!

Dear Friends and Cattlemen,

It gives us great pleasure to welcome you to our 48th Annual Production Sale. 2019 marks 68 years that our family has continuously produced registered Angus and 38 years that Richard and Jamie have been in the business! Four years ago our daughter, Rachel, and her husband, Jeremy Strommen, joined our ranching operation and we are excited for them to continue the family business!

We are again offering some outstanding new genetics with a fresh line-up of AI sires and check out the consistent and heavy hitting genetics from our natural service sires! As always you can take advantage of our outstanding offering of yearling replacement heifers, packed with the maternal qualities that has made our herd productive for generations!

We encourage everyone to stop by as we would be happy to show the cattle to you. We believe in producing efficient, practical and profitable Angus cattle. We strive for efficient cattle that are just the right size for their environment and still grow heavy calves. Practical cattle that calve easily, are quiet to handle, require less labor and keep feed costs down. Profitable cattle that are affordable, but generate the kind of calves that feeder buyers demand.

We have a great sale offering of bulls and heifers that are not creep fed. After weaning they are fed a high roughage ration - low concentrates ration. A ration which allows them to gain evenly and consistently without ruining their feet or jeopardizing their fertility. Our customers report that the life span of our bulls in their herds has been up to 5, 6 and yes... as much as 10 years!

Customer satisfaction is and always will be our highest priority. Approximately 80% of our buyers each year are repeat customers, some have bought our cattle for over 30 years and we appreciate those folks who have patronized us for so many years. We also look forward to helping to provide quality cattle to those who are willing to give us a try for the first time.

Sincerely,
Richard & Jamie Fast
Jeremy & Rachel Strommen

***If we can be of any assistance,
feel free to call us!***

*Fast Angus Ranch: (701) 843-8280
Richard Cell: (701) 391-6968
Jeremy Cell: (701) 260-7405.*

L to R: Richard and Jamie Fast, Rachel, Jeremy and Rowdy Strommen

WE INVITE YOU TO STOP OUT AT THE RANCH & LOOK OVER THE CATTLE!

Fast Angus Ranch is located 1 mile N and 3-1/2 E of New Salem, Exit 127 on I-94.

You may also view the cattle at Kist Livestock Auction, Mandan on Thursday, March 7th and Friday, March 8th

WE VALUE OUR CUSTOMERS & OFFER THESE SERVICES:

- A complete vaccination program: Vaccinated with Vision 7 Somnus, Vista Once SQ, Fusoguard, and Express 5-HS.
- Free keep of bulls until April 1, 2019.
- Free delivery of bulls within 500 mile radius.
- \$50 discount if you haul your bulls on sale day.
- Bulls and heifers are not creep fed.
- Bulls have all passed their semen evaluation test.
- First Year Breeding Guarantee: suitable replacement or receive full credit, minus the salvage value.

***Producing Efficient, Practical and Profitable
Angus Cattle for Our Valued Customers!***

1682 has certainly sired an outstanding group of bulls for the Fast-Strommen ranch the past two years. He phenotypically stamps his sons with quality and style and they have that "real herd bull look". His bulls are strong topped and deep ribbed and have been some of our top gainers. His daughters are extra deep, easy fleshing and flashy looking. His semen sells at a premium with a massive shortage, so don't miss this opportunity to get one of these outstanding herd sires.

Double XL has been acclaimed by many to be the most attractive and powerful son of Ten X in the industry. He descends from a maternally superior line of females and produced from a beautiful uddered Hyline Right Time 338 daughter. Super calving ease and good growth traits make his sons highly attractive herd sire prospects. Double XL is one of those hard to top female makers. So look at his progeny to produce some "Top Notch" replacement heifers!

Whitlock has made a name for himself as a must-use calving ease, outcross sire that checks all the boxes. His ability to combine an impressive set of EPDs, a maternal pedigree and end product value, is unmatched. Whitlock sires deep-sided, easy fleshing, functional docile daughters along with highly sought-after stout-made, growthy, calving ease sons.

Capitalist 414 conveys moderate frame size, good muscle expression and eye appeal with easy fleshing ability. His dam is a long, deep bodied, phenotypically correct cow with great foot and leg structure and udder quality. She is a Second generation Pathfinder. 414's Daughter have expressed excellent structure with Absolutely Flawless udder quality! He died this last spring so semen and calves will be in short supply!!!!!!

This calf here is out of an amazing cow that had a freak accident and died last spring, orphaning this calf at 1 month old. With no graft mother, he had to tough it out with what he could get and still ratio'd 101!!! He's a little rough cut because of it but still has great genetics backing him. Dams NR 7/105

Allen Eugene Opp

September 8, 1933 - March 31, 2018

Fern Opal Opp

September 19, 1934 - March 22, 2018

The Fast and Dohrmann families would like to dedicate this year's production sale in memory of Jamie and Janet's parents Allen and Fern Opp.

Allen began raising registered Angus in 1951 at his family's farm at Hebron, ND. He and Fern married in December 23, 1957, and moved on to the Just family homestead near New Salem where they raised two daughters Jamie and Janet.

Allen and Fern were in the registered Angus business for 43 years. Allen served as president of the North Dakota Angus Association in 1976 and was named Man of the Year by that association in 1986. Allen and Fern along with their daughters traveled for many years across the country showing their Angus cattle and attended numerous state and national Angus functions.

Their love and enthusiasm of Angus cattle inspired not only their children to continue in the business, but they encouraged other young couples to get started in the registered Angus industry as well. Perhaps their true legacy lies in the fact they also inspired their three grand daughters and their husbands, Rachel and Jeremy Strommen, Jenna and Brent Mrnak, and Jeri and Troy Carter, to continue the tradition, each with purebred herds of their own.

Friends and Cattlemen!

Welcome to our 48th Annual Production Sale! Thank you again to new and old customers for taking an interest in our sale offering! We are proud to be able to offer you a tremendously stout and high performance group of bulls that are rugged and good footed to cover the ground during breeding season. We are excited about the future of the livestock industry and we know these bulls will go on to add value, performance, profitability, and extra pounds when you go to sell your calves.

The genomic-enhanced EPDs in this sale catalog are powered by Neogen. We've made the investment in the world's most advanced DNA testing for seedstock cattle. This information provides you extra confidence in the product you are purchasing and allows all of us to do a better job improving genetics and profitability. Keeping your operation profitable is one of our top priorities. As we have witnessed several times this past year, we feel it is very important to make sure the parentage is correct through DNA testing.

The bulls have been fed a high roughage ration and long hay with no silage. They have been developed to maintain structural soundness and hoof development.

Bulls left for wintering will have a semen evaluation before delivery and we will be retaining a 1/3 semen interest in all our bulls.

All bulls are fully guaranteed to be breeders and are sold under the terms and conditions of the American Angus Association.

The bulls have been ultrasound scanned by Jason McLennan, Belle Fourche, SD. Data will be available sale day.

Thank you for taking an interest in our cattle! Feel free to stop and view the cattle at the ranch any time prior to March 6, 2019, or at Kist Livestock thereafter.

Sincerely,

L..J. & Janet Dohrmann

ROCK STAR excelled in the overall 2013 born Fall calf crop at SydGen, posting the Number 2 adj. WW at 883 lbs. to ratio 122, the Number 1 adj. YW of 1,536 lbs. to ratio 120, and the Number 3 adj. weaning weight.

REA of 18.5 sq. in., from the original 200 bull calves weaned from five different contemporary groups.

A favorite of all who have seen him, **ROCK STAR** topped the 2014 Syd-Gen Production Sale at \$60,000 for half interest and half possession to a top group of breeders from the Dakotas. 10 Sons Sell!

Cowboy Up has more growth performance than any bull we have ever produced and is also extremely docile. 5405 is as wide topped, deep sided, long bodied, wide based kind of bull as you will find. He looks like he would sire progeny that could live outside in the big country and excel in all the traits that keep ranchers in business. He has lived up to our expectations. The name, **Cowboy Up**, just kind of fits, as this bull has done everything we could have hoped for and more. Balanced trait qualities at their best. 10 Sons Sell!

If you're looking for docility look no further. Excellent foot design with a wide base, a great deal of muscle expression and thickness. Power bull with style and balance. **SAV Recharge 3436** was chosen by Select Sires AI Stud and partners as the \$80,000 second lead bull from the 2014 SAV Sale. He is on the radar of the Angus world with unmatched performance phenotype and backed by the best cows in the business. He offers the #1 EPD profile of the timeless Rito 707 performance lineage. He is a thick, muscular, beef bull supreme with massive volume, dimension and natural fleshing ability. Recharge is docile-natured with superior soundness and foot structure and large scrotal circumference. 2 Sons Sell!

“Bulls left for wintering will have a semen evaluation before delivery!”

Table 1. Progeny equivalents (PE) – Carcass trait PE equate to actual carcass harvest data not ultrasound scan equivalents.

Trait	PE	Trait	PE
Calving Ease Direct	28	Heifer Pregnancy	14
Birth Weight	21	Calving Ease Maternal	18
Weaning Weight	26	Milk	33
Yearling Weight	21	Mature Weight	11
Dry Matter Intake	8	Mature Height	8
Yearling Height	11	Carcass Weight	9
Scrotal Circumference	13	Carcass Marbling	9
Dodility	10	Carcass Ribeye	12
		Carcass Fat	10

Expected Progeny Differences (EPDs) are provided by the American Angus Association to provide valuable information on registered Angus cattle for important traits such as calving ease, growth, and marbling. The challenge with EPDs is that on younger and unproven animals, EPDs are not as accurate. This sometimes results in a bull or heifer not performing to the cattle producer’s expectation. For example, a commercial producer may purchase a bull with a high weaning weight EPD, but be disappointed in the lack of growth by the bull’s progeny.

In recent years researchers have worked diligently to identify the genetic contribution of various DNA markers. By incorporating this DNA information into the EPDs, the American Angus Association is able to provide much more accurate EPDs called “genomic-enhanced EPDs (GE-EPDs). This technology has advanced considerably in just the past couple years. When an animal is profiled on the **Neogen-GeneSeek GGP-LD**, the EPD accuracies are equivalent on several traits to as if the profiled animal has 12 or more progeny.

Recommended for Heifers

1933-2018 1934-2018

Fern and Allen Opp passed away in March of 2018. We miss them immensely and appreciate the passion they passed on to us raising registered Angus cattle. All our cows originate from their herd, and we have never purchased outside cowlines. We strive to do our best to maintain the quality genetics we inherited from their herd.

Thank you for attending our sale!
